

PARENTAL AUTHORIZATION
POSITIVE MENTAL HEALTH INITIATIVE – SCHOLAR SUPPORT TEAM

Haas Hall Academy is actively promoting mental health awareness for all scholars. This Positive Mental Health Initiative is important as we begin the school year because HHA seeks to promote a positive learning environment; HHA strictly prohibits bullying, harassment, or intimidation.

As a parent/guardian, I understand the importance of being vigilant in caring for and monitoring the academic and mental health of my scholar and will actively promote a positive learning environment. In addition, I understand HHA offers limited counseling services to help avoid school-related conflicts. Information gathered from any scholar by the Scholar Support Team will be kept confidential, with the exception of the following circumstances:

1. When a scholar states he or she wants to harm himself or herself.
2. When the scholar reports he or she wants to harm someone else.
3. When a scholar reports sexual abuse, physical abuse or neglect.
4. When a scholar reports harassment, intimidation or bullying.
5. Other situations where the scholar and/or others are in danger.
6. Other release of information as required by law or school policy.

If your scholar needs consistent counseling services, you will need to use other resources. I understand and provide consent to have members exchange information and records with Academy staff for the purpose of improving my scholar's school adjustment to the HHA academic requirements and performance standards. This authorization is valid for one year from the date of signature.

_____ Yes, I CONSENT to my scholar receiving school-related brief and/or limited counseling services by Mindy Grusing, Chuck Shields, or Bethany Culpepper.

_____ No, I DO NOT want my scholar to receive consultation services.

(Printed name of parent/guardian) (Signature of parent/guardian)
